Mission Statement

The New Jersey Landscape Contractors Association is a group of professional landscape contractors dedicated to advancing the integrity, proficiency, profitability, and personal growth of the landscape contractor.

New Jersey Landscape Contractors Association represents the entire Green Industry in New Jersey including landscape contractors, landscape architects, hardscapers, sod growers, nurseries, growers, garden centers, horticulturists, floriculture and the industries that supply them.

A Message from the Executive Director

We're excited to share the release of the **2025 NJLCA Membership Directory!**

Inside, you'll find a comprehensive listing of all NJLCA members—organized alphabetically by company name and by membership category. For each listing, we've included the company name, contact person, address, phone number, email, and website to make connecting easy and efficient.

Looking for something specific? Flip to the back for a handy cross-reference section that sorts companies by the services they provide—whether you need Legal Services, an Equipment Dealer, a Nursery, or more, it's all there at your fingertips.

Why this Directory is a Must-Have:

Connection & Collaboration: Our associate (vendor) members offer the products and services that fuel contractor businesses. They're also a tremendous resource—supporting NJLCA through sponsorship and providing expertise across the board.

Grow Together: With rising costs, NJLCA members are partnering more than ever to save money and boost profits. Members are teaming up—not competing—to help each other succeed.

Leadership Matters: You'll also find a listing of NJLCA's Board of Directors and Officers—dedicated volunteers working hard to keep our association thriving.

We hope this directory becomes your go-to resource throughout the year to build connections, grow your network, and support fellow NJLCA members.

Wishing you a successful year ahead—and as always, we're here to help you keep “growing every day.”

Thank you, and stay well!
